## NORMAL PICTURES ISSUED TODAY

BEAUTIFUL 50-PAGE BULLETIN  
FOR SPRING TERM.

## PROGRAM BEGINNING MARCH 6 IS POSTED

Improvement of Courses and In-  
creased Inquiries Encouraging  
Features of School Affairs.

The spring term of the State Normal School will open March 6. The program was posted by President Ira Richardson this morning. With the announcement of the program a special bulletin of pictures will be sent.

The book which is issued as a supplement to No. 1 contains fifty pages of views of the Normal and Maryville. It is one of the most beautifully arranged and printed books ever published in Maryville and will give a much more adequate conception of the size and beauty of the Maryville Normal than any number of printed words could do.

The size and magnificent accommodations of the main buildings are shown well in the pictures. Besides pictures of the auditorium, gymnasium and corridors, class rooms and offices of all kinds are shown. A double-page picture of the student body taken in front of the main building is in the center of the book.

One of the most interesting pictures is the prospective of the new greenhouse, showing it as it will appear in a few weeks when completed. Athletics is represented with the pictures of the team and various field and gymnasium events. A page of pictures taken upon the annual students' picnic last fall are presented. Among the Maryville pictures are the postoffice, depots, churches, high school and the water works.

The spring program includes 90 classes, distributed over seven recitation periods. Of these 90 classes, 41 are of distinctively college grade, 23 are of distinctively high school grade, and 26 may be participated in by students of either college or high school grade because the nature of the work is largely individual and made up of such phases of work as Manual Training, Mechanical Drawing, Fine Arts, Bookkeeping, Typewriting, Penmanship, Music, Physical Education, and other phases not requiring preparation outside of the classroom.

The entire program includes 11 classes of the professional department; 6 classes in Home Economics, including a course in Home Nursing; 14 classes in the science fields of Agriculture, Biology and Entomology, Geography, Physics, and Chemistry; 12 classes in English and Public Speaking; 8 classes in Foreign Language, including Latin, German, and Spanish; 8 classes in American and European History, including a new course in Latin-American History and Civilization; 7 classes in Mathematics; 4 classes in Fine Arts, including a course in Costume Designing and Interior Decoration; 6 classes in Manual Training and Mechanical Drawing; 3 classes in Public School Music; 6 classes in Physical Education; and 5 classes in the Department of Commerce, including Bookkeeping, Shorthand, Typewriting, and Penmanship. The whole program provides an offering of 131½ semester hours for college grade students and 37½ term credits for students of high school grade.

The summer session will open Monday, May 26th. President Richardson reports that the inquiries and correspondence concerning the spring and summer sessions have been coming in much earlier and to a greater extent than in the past.

## MRS. W. H. TILSON PARALYZED

Mother of Treasurer W. R. Tilson and John L. Tilson Was Visiting Sons Here When Stricken.

Mrs. W. H. Tilson of Savannah, was stricken with paralysis and is in a critical condition at the home of her son, J. L. Tilson, whom she had been visiting for a week. She is 74 years old but had never been seriously ill before.

County Treasurer W. R. Tilson, another son, was summoned and four other children arrived last night. They are Mrs. G. L. Markley and Roscoe Tilson of St. Joseph, Miss Alice Tilson of Savannah, and Mrs. C. A. Pettigrew of Arkoe. Twelve children are living and all have been notified and are on their way here.

The stroke came at 3:30 yesterday afternoon while Mrs. Tilson was working on a quilt. Drs. Wallis attended her and little hope of her recovery was held last night. She is still unconscious today but improved slightly. A sister, Mrs. Martha Williams of Savannah, was with her at the time the paralysis came upon her.

## "TRIM TARKIO" SLOGAN

HUGE BANNER IN RED LETTERS  
ON COURT HOUSE LAWN.

Rooters Out for Second Place by Victory—Call Us for Normal-Tarkio Score Tonight.

"Trim Tarkio" in red letters two feet high on a banner twenty-five feet long "blossomed out" on the court house lawn last night. It is the work of the high school boys, under the direction of Martin Lewis, Jr., the yell leader. Most of the painting work was done by Goff Crawford, assisted by Harley Hughes.

Although prospects are somewhat blue for the team, the rooters are determined to see to it that they do all in their power to get a victory. Second place is at stake in the contest among the high schools of northwest Missouri.

Mound City is practically conceded the championship for their one victory over Maryville and their double defeat of Tarkio. If Maryville can win Friday night they will have a clear title to second place, because of their one victory over the champs here.

But if Tarkio wins both games from Maryville, then Tarkio and Maryville are tied for second place. Special yells are being prepared and it promises to be the big game of the season for the high school here. On account of so many men on the second team being used as subs for the first team, no curtain raiser will be played at this time.

Tarkio college and Maryville Normal meet in a championship contest tonight. The score, as usual, may be obtained after about 10:30 tonight by calling the office of The Democrat-Forum.

## CHRISTOPHER CUMMINS DEAD

Illness of Several Weeks Fatal to Man  
83 Years Old—Eight Children  
Survive Him.

Christopher Cummins died at 9:30 o'clock this morning at the home of his son, James B. Cummins, after a several weeks illness from a complication of diseases. His death had been expected, as he has been very low for the past several days. He was 83 years old.

Mr. Cummins was born in County Dublin, Ireland, December 20, 1833, the son of John and Margaret Cummins. John Cummins was a farmer and died in Ireland, October, 1839. Mrs. Cummins and five small children came to America and settled in Clark county, Ohio, where the mother died in 1860.

When 28 years of age, C. Cummins left Clark county, Ohio, and came to Mason county, Illinois, where he farmed for five years. He then went to Gentry county, Missouri, and bought 160 acres of land and farmed there, later moving to Stanberry. In 1903 he moved to Maryville, and this city has since been his home.

He was married to Mary Ellen McKinney on April 22, 1860. She was born in County Kings, Ireland, June 19, 1838. Her death occurred in Maryville in the fall of 1911.

Eight children survive, who are: Attorney Thomas A. Cummins, Dr. K. C. Cummins and James B. Cummins, all of this city; Mrs. N. Y. Jameson of Stanberry; John A. Cummins of Gentry county; Mrs. I. N. Gartin of Gentry county; Rev. Father Francis P. Cummins of Brookfield, Mo., and Mrs. T. W. Costello of Conception Junction.

Mrs. G. H. Colbert returned this morning from a visit with her son Herschel in Chicago.

## WANT FREE-FOR-ALL

NOMINATING MASS MEETING MAY  
BE DISCONTINUED.

## A LIVELY CITY ELECTION

Four Mentioned for Mayor, A. S. Robey  
Most Prominently—He Will  
Announce Soon.

The city election to be held April 4 promises to be a lively election, judging from the number of candidates that have already announced and that will probably get into the race within the next few weeks.

Many candidates have been mentioned for mayor. Some of them are Arthur S. Robey, Fred P. Robinson, Ed Forsyth and John G. Thornhill. However, it appears that the Robey boom is more formidable, as his name is mentioned more for that position than any other.

Mr. Robey will be a candidate. His announcement will be made within the next several days.

For city marshal there will be four candidates. They are J. H. Killion, D. E. McDonald, E. E. Tilton and John Wallace.

Elmer Barrock is the only candidate that has announced for city collector.

The suggestion has been made that every candidate for the various offices be placed on one ticket on election day and then let the voters pick their choice. In other words, it has been proposed not to hold a non-partisan mass meeting this year to select nominees. This will make the election a free-for-all affair, and will be a fair deal for all of the candidates.

Even when a non-partisan mass meeting is held, the various candidates try to pack the convention, and as a result there has always been two tickets in the field.

## 44 APPROVED SCHOOLS NOW

Mt. Tabor and Highland Latest to  
Join—Some May Be Dropped  
Soon.

Forty-four schools of Nodaway County are now on the state's approved list. Notice of two more, Mt. Tabor and Highland, were received by Bert Cooper, county superintendent of schools, today. Miss Laura Walton is the teacher of Mt. Tabor which is near Elmo, and Miss Mary Cain is teacher of Highland.

Miss Alta Smith has been chosen teacher at the Carter school near Quitman to fill out the unexpired term of Miss Minnie Money. Mr. and Mrs. Cooper were in Hopkins yesterday while the county superintendent inspected the schools. Mr. Cooper says that some of the rural schools will have the state approval taken away from them this spring probably on account of lack of improvements, poor teachers, incomplete libraries and for similar reasons.

## GEORGE L. EVANS TO TEXAS.

Former Sheriff Will Have Many Nodaway Neighbors.

George L. Evans of Maryville, former sheriff of Nodaway County, has purchased a 400-acre tract in the Trinity Valley, Texas, and expects to make some extensive improvements upon it soon. He will move there with his family as soon as the present term of school closes.

For neighbors the Evans family will have the families of Charles Hanson, George W. Otis, Edgar J. Rhoades, and J. D. Frank. All these are former residents of Nodaway County who have moved there within the last few years.

Mrs. Bert Kester of Burlington Junction is spending the day here.

## MEDICAL MEN STARTLED

CHICAGO PHYSICIAN WILL OP-  
POSE "ETHICS" AGAIN.

Dr. Haiselden Announced Today He  
Would Perform Operation to Pre-  
vent Motherhood.

Special to The Democrat-Forum.

Chicago, Feb. 17.—Dr. Haiselden, the Chicago physician who caused such a sensation recently by refusing to perform an operation upon a defective child, allowing it to die, startled the medical world again today by announcing that he would perform an operation upon a woman to prevent her from becoming a mother.

The father of the child is subnormal mentally and so is his uncle. The woman's mother is in the insane asylum. The woman is a Mormon, 20 years old. She has a baby 6 months old, which is defective and expects to become a mother again in five months unless the operation is performed.

## LUGAR IS ARRESTED HE COULDN'T WAIT

RESTAURANT OWNER CHARGED  
WITH PERMITTING GAMBLING.

## BINTER SOLD INTEREST

"Jack" Pennington Now Half Owner—  
Latest Information Filed by  
the State.

A state warrant charging Marion Lugar with permitting gaming on premises under his control, was served this morning by Deputy Sheriff Callahan. A bond for \$500 signed by A. S. Robey, binding Mr. Lugar to appear before an adjourned session of the circuit court here Saturday.

Another member of the gambling party in the rooms over the Binter & Lugar restaurant was arrested and pleaded guilty in police court this morning. He was Lemuel "Cheezer" Cain, and he paid \$20 and costs to the city. A state warrant for the same offense will be issued by the prosecuting attorney, W. G. Sawyers, in order to keep the list of trials for the April term unbroken.

Joseph Binter has sold his half interest in the restaurant to Jack Pennington. The sale was made last week, and Mr. Binter has moved to St. Joseph. The city has made no charge against the keeper of the gaming house, and the charge against Jack Pennington for conducting a gaming house was dismissed.

The state took the first action against the owners of the restaurant, and the information filed by Mr. Sawyers today against Mr. Lugar was a complete surprise. It does not charge Lugar with conducting a gaming establishment, but with permitting gaming upon the premises over which he had control.

The Nodaway bar will appoint a special judge to sit Saturday over certain routine matters. Judge Arch B. Davis will come Monday, February 28, for some more important cases. Several of the sheriff's bonds for the alleged gamblers will be changed to circuit court bonds at that time.

Altoftus Gunn, a negro, was fined \$25 for disturbing the peace in police court this morning. More serious charges may follow, as Gunn broke in the door of a residence in his disturbance.

Dr. Charles T. Bell has purchased an eight-cylinder Oldsmobile through the Wadley Bros. of this city.

## MAN PAID UP LARGE ACCOUNT YESTERDAY.

## PUBLICITY REACHED HIM

Many Merchants Have Had Bills Set-  
tled Already and Are Pre-  
paring Their Books.

The good effects of the campaign for Pay-Up Week continue to be seen. Just yesterday a man entered one of the stores of Maryville and paid a large account which had been running for considerable time. He mentioned the advertising and publicity as causing him to decide to settle up and he could not wait until next week.

It has caused several merchants to get out some old bills and get them itemized. Most of the business houses are co-operating with the Commercial Club which is boosting the week, by sending out statements at this time, particularly of their old bills.

Mayor U. S. Wright issued a proclamation setting February 21-26 as Pay-Up Week in Maryville several weeks ago. The Protestant preachers of Maryville have been invited to speak upon the idea at their evening service Sunday. The Rev. G. S. Cox announced last Sunday that he would do so and the Rev. William Moll Case will make mention of it at his service. The others will probably make similar mention.

A new list of signs are up in most of the stores and the decorations will be increased next week. And the week will close with Prosperity Day in celebration of the fact that we have passed prosperity around by paying what we owe. Special inducements to trade will be offered on that day.

The plan has led to better business in every town in which it has been tried. But like the voting day, it will be well for every one to pay early in the week so that those less interested may get the habit. "When you pay your debts, others will pay theirs," is one of the slogans of the week.

### Announcement.

We are authorized to announce J. H. Killian as a candidate for city marshal of the city of Maryville, subject to the city election to be held April 4, 1916.

I hereby announce my candidacy for city marshal of the city of Maryville, Mo., at the city election Tuesday, April 4.

D. E. McDONALD.

We are authorized to announce the candidacy of J. W. McKnight of King City for state senator from the first senatorial district, subject to the action of the Democratic voters in the primary election to be held the first Tuesday in August, 1916.

We are authorized to announce Elmer Barrock as a candidate for city collector of the city of Maryville, subject to the city election, Tuesday, April 4.

Lots of things are fun, but nothing beats knocking the t out of can't.

All the breath used in remarking "Fine day, isn't it?" in Maryville yesterday would have inflated a balloon.

To all neutral minds, of course, these munition and foreign-plot fires are all due to defective wiring or rodents gnawing on matches.

A reader of this paper who is versed in geology, writes in to remark that the local option victory could not properly be classed as a landslide, for nothing wet caused it.

St. Louis county, voting separately from the city, went 6 to 1 in favor of a \$3,000,000 bond issue for good roads. About as good as our 702 majority and almost as commendable.

Mrs. G. Fuller Grippe is evidently a woman of some force. Her husband was heard enquiring today if anyone knew why a coal bucket could be carried to the house without even the dust blowing off, but disgorges off all sides as soon as the house is entered.

### JUST NEED REMINDING.

"The world does not need to be informed one-tenth so much as it does to be reminded," said a wise old editor. And in that he had the secret of all the special weeks such as the one which Maryville will observe next week.

National Pay-Up Week is purely an educational campaign to remind us all that we have bills which should be met. Just as Mothers' Sunday in May is only a reminder of what we know all the year round. So we are being reminded by articles, editorials and

## DOCTOR SAVES A BLACKSMITH

Some time ago I was taken with Kidney trouble which caused me to give up my work as blacksmith. I lost my appetite and could not sleep, from the dreadful pains that would come over me, from my kidneys. I was treated by a physician for about three months. He could not help me so finally he prescribed Dr. Kilmer's Swamp-Root. I started taking same and before I had finished taking the first bottle I began to eat and sleep better than I had in a long time. I continued to take same until I was entirely cured and took on considerable weight.

I am now back working at my trade again and never felt better in my life. I appreciate what Swamp-Root has done for me and will recommend it to anyone who suffers with their kidneys. When physicians fail to give relief and then prescribe Swamp-Root, they sure know of its merits. I am,

Very truly yours,

S. A. HALE.

advertising that those bills should be paid.

A large percentage of the business failures are of people who would be perfectly solvent if they could collect their bills. And many a person and firm who has large bills are not indifferent about it. They could easily pay all that they owe and have a comfortable surplus if they could collect from their debtors.

Every line of business and professional life in Maryville will profit next week when the bills are paid. For putting cash into circulation again and evening up the scores makes business better and restores confidence. Some of the best boosters for a Pay-Up Week are merchants who do a cash business. They know that it will be good for them also.

And yet it is a difficult matter to put across. For it depends on individual action. Have you personally determined to do your part by paying up what you owe?

### What Others Believe

#### AND STILL BOUQUETS.

When Maryville had the two highest licensed saloons in the United States, that town got some free advertising out of it, but it was of an undesirable character. Since voting dry the town is getting all kinds of publicity, and it is of a character that makes people want to move there to live and educate their children. Maryville is learning right along, and the next step is the commission form of government.—Hopkins Journal.

### ONE SPOONFUL GIVES ASTONISHING RESULTS

Maryville residents are astonished at the quick results from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka. This remedy acts on both upper and lower bowels and is so thorough a bowel cleanser that it is used successfully in appendicitis. One spoonful of Adler-I-ka relieves almost any case of constipation, sour or gassy stomach. One minute after you take it, the gasses rumble and pass out.—The Koch Pharmacy.

SO M. U. STUDENT WAS "SHANG-  
HAIED" BY FRAT MEN.

W. C. Martin, Editor of Research, in  
Hospital With Face Painted and  
a Freak Haircut.

Special to The Democrat-Forum.

Columbia, Mo., Feb. 17.—W. C. Martin, senior in the University of Missouri, twice winner of the Field prize of \$100 for original poetry, and editor of The Research, is lying in Parker hospital today with his back and sides bruised, his face painted with iodine and a freak hair cut.

Martin attacked the fraternities in his paper, The Research, charging that immorality, dissipation and drinking was centered in the houses of the secret societies. He refused to appear before the student senate because its membership is largely made up of fraternity men, but offered to present his proof to the discipline committee of the university. This has not been asked for yet.

He was seized while going home Tuesday night, put in an automobile and taken about a mile from home, where he was thrown out on the ice and snow. His hands were tied and he was gagged. The university physician says that his injuries are painful but not serious.

The Research was mailed to every member of the legislature and to state officials. Just before the Kansas game last Thanksgiving, an issue was published attacking the present system of intercollegiate athletics.

## "FIGHTING HOPE" TONIGHT

Laura Hope Crews in the Sixth Lasky-  
Belasco Series of Photodramatic  
Productions.

Laura Hope Crews will play lead in  
"The Fighting Hope" at the Empire  
tonight. The following synopsis gives  
only a limited idea of the story of this  
great drama that made the author,  
William J. Hurlburt, famous.

The woman about whom the interest of this play centers is the wife of a moderately prosperous bank official, who is condemned to jail for an embezzlement of a very peculiar nature. She believes her husband to be innocent, and manages to become the secretary of the president of the bank (now closed), whom she believes to be guilty. The president is forced to establish her husband's guilt beyond all doubt, in order to clear his own name, and letters which finally come into his possession convince the wife that her husband was untrue to his trust.

At this time the wife falls in love with the man by whom she has been employed, thus having her fidelity to her convict husband put to an extreme test.

The ultimate solution of this extraordinary situation is worked out with such cleverness that it comes as a complete dramatic surprise.

## SHOULD RUN FOR GOVERNOR.

Hopkins Journal Compliments W. C. Pierce Highly.

W. C. Pierce of Maryville was in Hopkins on business last Friday. Despite the multitudinous duties that confront him in the commercial world, he takes time to keep abreast with the important political and economic questions confronting the people, and would be a valuable state or national asset if induced to enter the political field with the same vigor that has made him such a wonderful success as a business man. This country today, as never before, needs competent, right thinking, honest business men at the head of affairs instead of so many little political nincompoops who have wormed their way into high places by political trickery. The name of Mr. Pierce is frequently mentioned in connection with the governorship of Missouri, but when approached on the subject, he simply shakes his head and smiles.—Hopkins Journal.
